

Dear Commissioners --

Please be aware of my support for NPRM 02-230, and the support of many other citizens for NPRM 02-230. We recognize the value of such measures, to ensure the distribution of copyrighted material through newly developed broadcast media. Such measures allow a fair return to the owners of such material, while giving audiences enhanced access to enjoy the material as well.

Thanks for your attention.

Yours sincerely,

K. W. Jeter
